PROFILE

Software engineering student who takes web products from user flow and visual system through implementation, testing and deployment. Building toward AI engineering through computer vision, RAG and language-model experiments.

SKILLS

Web

React, Next.js, JavaScript, TypeScript, HTML, CSS, Tailwind CSS, Supabase, PostgreSQL

Applied AI

YOLO, RAG, LLM APIs, TensorFlow.js, pose classification

Design and tools

Figma, responsive UI, design systems, Git, Vite, Node.js

EDUCATION

SMK Telkom Purwokerto

CLASS XI PPLG / SOFTWARE ENGINEERING

Software engineering studies with active work in web products, interface design and the school AI club.

SELECTED PROJECTS

Lensa

SOLO / NEXT.JS / TYPESCRIPT / SUPABASE

Structured long-form fictional-character criticism around six analytical lenses, linked claims, citations and counterpoints. Built the product, interface, database migrations, authentication and automated writing-rule checks.

SMK Telkom Purwokerto Platform

TEAM PROJECT / REACT / TAILWIND CSS

Designed and implemented the admin dashboard interface and management flows behind the public admissions, news, achievement and career content.

AI Ninja Challenge

SOLO / TENSORFLOW.JS / POSE CLASSIFICATION

Integrated a MobileNetV1-based Teachable Machine pose model with real-time Attack, Deffend and Dodge challenges, confidence gating, scoring, character abilities and local match history.

AI Text Summarizer

SOLO / JAVASCRIPT / GROQ API

Built a focused summarisation flow with three output lengths, live word counting, keyboard submission, validation and inline failure feedback.

AI EXPERIENCE

School AI Club

2026

Built experiments with YOLO, retrieval-augmented generation and language-model chatbots, then turned the work into demos and shared the findings with other students.

SELECTED ACHIEVEMENTS

2025 Finalist, Sevent 9.0 UI/UX Design Competition - Telkom University Purwokerto

2026 Completed 15 AI Ready ASEAN modules - ASEAN Foundation with Google.org

2026 AI Ignition Training - 30 hours across nine modules under the AI Opportunity Fund

2026 TOEIC Excellence Program - English Discoveries by Edusoft
